

OGOF GOFAN ACCESS FOR 2017

The present access system will continue as-is: one group per day and up to four people in it. Please contact me in good time with the date for your intended visit and I will endeavour to get the ranger to agree it. Note that the military firing range is a kind of "business premises" despite the lovely coastal views that it provides, so things might change at short notice. You can hear recorded updates 24/7 about closures to the public on 01646 662367.

The range will be fully open for recreation between 17 Dec – 3 Jan, then 10-21 April, and between 29 July – 28 August 2017 as these are holiday periods.

RANGE WEST ACCESS FOR 2017

This is the coastal area between Green Bridge of Wales and Gupton Burrows. The present system ***to go prospecting for new caves*** will continue. Note that this does not cover general walking, beach BBQs etc. You need to attend one of the Health & Safety Briefing Session to obtain MOD approval to request a daily photo-pass from the gatehouse. Approval lasts until May 2018. The photo-pass badge is to be visible at all times when on Range West and it is obtainable from the gatehouse when there is no firing. Call the information line before leaving home to confirm that the range will be open when you get there.

H&S briefing sessions for 2017 are as follows: 23/02/17 1800h, 25/02/17 1000h, 23/03/17 1800h, 25/03/17 1000h, 14/04/17 1000h (Good Friday), 27/04/17 1800h, 25/05/17 1800h (Bank Holiday weekend), 27/05/17 1000h. Please be at the range gatehouse in plenty of time as people arriving late will be turned away.
